

THE DAILY BULLETIN.
TUESDAY EVE, OCTOBER 21, 1884.

Mr. Powers and the Tariff.

"They are charging me with being a 'free trader.' That is false and Mr. Wadsworth and his friends know it. I stand by the Democratic platform which gives no uncertain sound as to 'tariff.' FRANK POWERS."

That is what Mr. Powers writes with his own hand, and that is where the BULLETIN placed him, and by his authority. He does not mean that he shall be misunderstood, and to that end has made his meaning so plain that anybody can comprehend it. Any man, who puts him in a position respecting the tariff not in accord with the National Democratic platform misrepresents him.

From Mr. Wadsworth's Organ.

THIRTY-THREE horse thieves have been hung within a short time by the vigilantes of New Mexico.

"Horace Greeley were alive he'd say, 'thirty-three Democrats gone to their final account'."—New Republican.

Not for Ashbury.

STATE OF KENTUCKY.—1884.
L. W. W. Ball, Clerk of the County Court, for the County as attorney, do certify that at an election held on the 1st August, 1884, in Mason County, Ky., W. H. Wadsworth, Sr., voted for J. S. Fry, for Lieutenant Governor; for L. C. Garrison, for Attorney General; for J. P. Kinckney, for State Senator; for J. C. Clegg, for Treasurer; for J. P. Finkerton, for Auditor; for J. C. Clegg, for State Auditor; for the Sheriff and Officer did not vote; and for Representative he voted for A. W. W. Ball, for Representative. The whole poll books of said election, for said county, on file in my office hand this 27th day of September, 1884.
W. W. B.
Clerk Mason County Court.

Proof can be produced that when Mr. Wadsworth handled his ticket to the judge of the election he said: "I will vote that ticket with the exception of the negro." We will pay a reward to any man who can produce a letter signed by W. H. Wadsworth, Sr., the Republican candidate for Congress, that declares he voted for Ashbury, the colored candidate for Register of the Land Office.

Cannot Support Him.

The following letter has been addressed to Mr. Wadsworth by Mr. Charles F. Taylor, one of the leading citizens of this county:

"MAYSVILLE, KY., Oct. 18, 1884.

"Hon. W. H. Wadsworth.—Having told you I would vote for you I desire to rescind that promise as I cannot support a man who is affiliated with the party that appears to neglect United States Deputy Marshals to shoot down peaceable citizens in the exercise of their legal rights, as in Ohio on Tuesday last.

C. F. TAYLOR."

CLEVELAND VINDICATED.

The Truth About the Liberty of Worship Bill.—It is a leading Catholic of New York State.

[Boston Pilot.]

The following letter, which settles forever the charge that Governor Cleveland opposed the Freedom of Worship Bill, has been sent to the Pilot by the Hon. Charles Tracey, of Albany, a man whose position, character or religious earnestness can not be questioned.

To the people of New York State it is not necessary to endorse General Tracey, but in this letter to the Pilot, he speaks to the Catholics of the whole United States who have been informed, publicly and secretly, that Governor Cleveland was averse to the freedom of religion for Catholics.

The Hon. Charles Tracey was secretary of the Catholic Union of New York, and with the personal encouragement of Cardinal McCloskey, was active in the formation of the Union. He was a member of the Papal Zouaves, and was made a prisoner at the taking of Rome, for his service to the Holy Father.

He was a member of General Tilden's staff, and was Commissary General of Subsistence for New York State during Governor Tilden's term.

Without further preface, we give General Tracey's letter:

GOVERNOR CLEVELAND AND THE LIBERTY

Editor of the Pilot:—In company with other Catholic gentlemen I have devoted considerable time to making an investigation respecting the treatment of the Freedom of Worship Bill in the New York State Legislature of 1884. We called upon the leaders of all the religious bodies, persons who gave information on the subject. In almost every instance our informants, whether clergymen or laymen, evinced great anxiety to baffle the disingenuous experience of having their names drawn into the bill, and to do with a matter which had already subjected worthy gentlemen to unmerited abuse.

After having made all necessary inquiries, the conclusion we arrived at, I am happy to be able to state, on my honor, is that the bill was introduced directly, in favor of or against the passage of the bill. All statements to the contrary are incorrect, being made by persons who willingly mistake facts, or who have no knowledge of the subject.

We learned that the bill, having passed the Senate, was being considered in the Assembly Committee when a member of the Legislature, in an argument favoring the bill, stated what in his opinion the bill would do. The bill was introduced in the subject of conversation, and talked rather loudly. One said:

"Well, we done 'em up."

"Yes, we did," the other replied.

"How will we do that?"

"We can do it. We are better armed than the other fellows."

I am respectfully yours, CHARLES TRACY.

Off For New Fields.
(Cincinnati Enquirer.)

Large numbers of Southern negroes who did the Republican repartee in this city last Tuesday have been shipped to the South for election purposes. Indiana Democrats should be warned by Republican shot gun methods employed in Cincinnati and be prepared to return lead for lead.

I am respectfully yours, CHARLES TRACY.

Albany, Sept. 24, 1884.

Better Armed.
(Cincinnati Enquirer.)

Three negroes going along the street yesterday with a party walking close behind them. The darkies were interested in the subject of conversation, and talked rather loudly. One said:

"Well, we done 'em up."

"Yes, we did," the other replied.

"How will we do that?"

"We can do it. We are better armed than the other fellows."

I am respectfully yours, CHARLES TRACY.

THE DAILY BULLETIN.
TUESDAY EVE., OCTOBER 21, 1884.

ROSSER & McCARTHY,
Publishers and Proprietors,
TO WHOM ADDRESS ALL COMMUNICATIONS

On Friday night,
My gentle gazelle,
The "old war horse."
Will be here to tell,
In pleasant talk
To you and to me,
Of rascally tricks
By the G.O.P.

BUSTED advanced in price to-day to 30 cents a pound.

The Sunday train on the Kentucky Central from this city to Cincinnati has been discontinued.

WILLIAM REED's tobacco barn, near Mt. Sterling, burned on Sunday night. The loss was \$4,000.

Doy's fail to hear Hon. W. B. Fleming, the Democratic State elector, at the court house to-night. The speaking begins promptly at seven o'clock.

POLICEMAN GORMAN, who died from a wound by a forty-four caliber ball dog revolver in the hands of a United States Marshal on election day, was buried at Cincinnati yesterday.

The funeral of Dr. William Nelson will take place this afternoon, at two o'clock, from the residence of Mr. Newton Foster. The burial will be with the honors of Masonry.

SOMETHING over eight thousand persons attended the Wild West entertainment at Cincinnati yesterday. The troupe will exhibit here next Monday afternoon at 2:30 o'clock.

The still-hunt by the Republicans is still going on industriously in every county in the district. Democrats should be on their guard everywhere. Every Democratic vote will be needed.

An instance of carelessness riding on Saturday came near resulting seriously with Dr. A. G. Browning. He was run down by a drunken horseman but fortunately escaped with only a soiled suit of clothes.

Public Speaking.

Hon. W. B. Fleming, Democratic State elector, will address the people of this city at the court house, to-night at seven o'clock. Let there be a large attendance. Everybody is invited.

MARSHAL FRENCH, a colored convict from Louisville, working on a turnpike near Carlisle, was killed, on Saturday, while blasting rock. He was ordered away by the overseer but refused and was struck and fatally injured by the falling rock.

GEORGE M. BENDFORD, one of the largest farmers and stock breeders in Bourbon County, had made an assignment for the benefit of his creditors. His liabilities are about \$80,000, but it is thought his estate will be sufficient to pay all the claims in full.

Notice.

The members of the Cleveland, Hendricks and Powers clubs, of this city and Chester, are requested to meet at the council chamber this evening at seven o'clock for the purpose of attending the speaking in a body. A full attendance is earnestly asked.

TOM J. CUNNINGWORTH, President.

General John S. Williams.

We take great pleasure in announcing that General John S. Williams, the old Democratic war horse, will, without fail, address the people of this city and county at the court house, next Friday evening at seven o'clock. Don't fail to hear him. Let the audience be the judge, but that the matter would be attended to and the case tried during vacation.

TUX COVINGTON Commonwealth says: "However that may be, it is beyond dispute that many of these deputy marshals raked out of the slums—jail and work house birds, cut-throats and shoulder-hitters, armed with the deadly British bull dog—were arrogant and insulting in manner and provoked nearly all the trouble that occurred at the polls in Cincinnati last Tuesday. Above all rises a question that which no more important one ever presented itself for the consideration of a free people. Will they submit to a partisan law, under which a partisan officer, in no way responsible to the people, may secretly recruit and arm two thousand or more partisan ruffians to terrify voters of an opposing party at a popular election? If the people submit to this infamous system they will surrender the last hope of free institutions."

Mr. Wadsworth belongs to the party that introduced this infamous method into American politics, and approves it or else he could not claim to be a Republican. Guns were fired last Thursday from the hill on which stands his residence to commemorate this victory by United States Marshals with bulldog revolvers. Will you vote for him, and by such a vote thus approve the villainy in Ohio?

The Wild West.

Speaking of Buffalo Bill's "Wild West," the Boston Globe says: "It is for this reason that the scenes of years ago which were common in border life, are giving way before the advance of immigration, and are giving place to the events of former existence, that the "Wild West" brings to the thickly populated regions pictures and events which must soon become historic only. Once seeing the realism of the attack upon the Deadwood coach is better and more impressive as a study than a hundred pages of description of the early struggles and dangers of the Western settler; to see the attack upon the settlers' cabin, and the gallant rescue, will give a young or old student an idea of what our ancestors underwent, such as no history can furnish."

THE RESULT of the Southern Presbyterian Church desiring to raise the funds necessary for furnishing their church building now in progress of erection, have determined upon instituting a series of entertainments, to continue throughout the winter. These entertainments will consist of a social gathering once each month, which will be enlivened by readings, recitation and music, furnished by the talent of the ladies and gentlemen of our city, and a performance once each month by the Thespian Club, organized and kept in working order by Mrs. G. W. Sulser. The first of this series will be given by the Thespian Club, Tuesday, October, 28th. Further particulars will be found in our columns this week.

When This Fierce Election Fight is Over.

When the Presidential contest, now waged as fiercely, ends on November 4th, the public mind, now excited, will take a rest, content that the country is saved—no matter who shall win—but will then be an opportunity to win a fortune of \$75,000, by investing in the 17th grand monthly drawing of the Louisiana State Lottery, at New Orleans, on Tuesday, November 11th. The particulars can be had of M. A. Dauphin, New Orleans, La.

IS the Circuit court, Monday, William Adams was convicted of carrying concealed, a deadly weapon and fined \$25 and costs. In the case of the commonwealth against Robert Farsari, Governor Knott yesterday notified Commonwealth's Attorney, Thomas A. Curran, that he had not yet appointed a special judge, but that the matter would be attended to and the case tried during vacation.

They Voted As They Shot.

(Philadelphia Times.)

MARSHAL WRIGHT's deputies got in their work with great vigor in Cincinnati. If they all voted as they shot, would account for a considerable Republican gain. The Deputy Marshal's pistol is more potent than the policeman's club.

THE COURIER-JOURNAL says: One hundred Democrats have organized with the determination if any bull-doing is attempted by negro or other deputy Marshals, to resist it, and if any Democrat is shot to see it that the shooter at once suffers the same fate. So the matter stands, and if feeling keeps growing in intensity there will be serious trouble in Cincinnati on election day.

THE CENTENNIAL meeting of the Covington District M. E. Church will begin in this city to-night at 7:30 o'clock, in the church, on Third street. Rev. Bidwell Lane and Rev. C. J. Howes will deliver addresses. There will be a meeting tomorrow morning at 9 a. m., and at night at 7:30. Interesting subjects will be discussed at all the sessions by distinguished ministers of the church.

TALKING SORGHUM.

Additional Facts About Our Saccharum.
WASHINGTON, Oct. 21.—Professor Wylie of the Department of Agriculture, has just returned from a tour in the West, where he has been studying the sorghum sugar industry. He thinks the production of sorghum sugar will increase the amount of sugar manufactured in this country this year, being nearly double that made last year, and the number of large factories having been largely increased. Still there is little encouragement for the present, as the expectation for the price offered for the sugar after manufacture is so low that there is little profit.

Prices generally for sugar are very low, so much so as to be quite unprofitable for the sugar manufacturers in the South to make the sorghum beat. Much of the sorghum sugar made now ranks high in quality, and brings as good price as the Southern or imported sugars of that grade, but there is little encouragement for making and marketing at the present prices. The price of the sorghum sugar made this year will probably amount to a million and a half or two million pounds.

The cane sugar in New Jersey, Illinoian, Tennessee and Kentucky is the best. Jersey is the oldest and is run on the most thoroughly scientific basis, as was described in this correspondence a year or more ago. Word has come to us that the best sugar factories of California are now at work turning out sugar from beets. There seems no good reason why this country should not make her own sugar instead of sending abroad nearly half a billion million dollars of it, as she annually does.

The members of the Bureau of Agriculture, who went to France and Germany a few weeks ago to study the methods of evaporation used in the manufacture of sugar, are back. His hope and the hope of the Department and the Bureau of Agriculture of the South generally were to be able to adopt for the cane sugar making in this country some of the methods which enable the French and Germans to make sugar at about one-half the cost that is required by the present methods in this country. The indications, however, are not very satisfactory as to the possibility of adopting the methods of the French and Germans in the quality of the best sugar made, and of the cane, said Professor Wylie, "is such that I fear we shall not be able to adopt the methods used there for beets to cane sugar. There is considerable cost of glucose in all the cane sugar countries, but the beets there do not have, and it is very evident that their methods of evaporation applied to our cane juice would be difficult to get rid of, and would cost considerably the sugar produced. We may not be able to adopt some of the principles—but there is a much modified way, if the processes are not very flattering for the best to our cane sugar that we had hoped might accrue."

HARRISON'S FINANCIAL WRECK

The Result of Self-Sacrifice Made to the Public.

St. LOUIS, Oct. 21.—An announcement that an application for a receiver for the Harrison Wire Works had been filed caused a great deal of sympathy for the gentlemen connected with it. Messrs. Thomas W. Fitch, Edward W. Fitch, and Ralph C. Fitch, the company, had been subordinated for some time. Fitch, the president of the company, is the Lieutenant Fitch who married Miss Minnie, daughter of General Sherman. He loses nearly all his property. The reason that General Sherman backed him in his endeavor was that he was anxious that Harrison should sacrifice himself for the public good, declined to render any assistance when he in turn, was still in a position to do so. He has, however, prevented a panic in St. Louis at his own expense. Those who know the condition of the Harrison properties believe that but little will be saved from the wreck.

OREGON NEWS.

FORGERY, Stage Robbery and a Killing by Wild Animals.

PORTLAND, Ore., Oct. 21.—J. H. Hedges, a young attorney of this city, who was convicted a few days ago of forgery, was sentenced to the Penitentiary for life.

The body of a man was found yesterday, about noon, in a hollow near Weyer, Idaho, by three masked men under cover of their rifles. The driver threw them the express treasure. He was then ordered to drive on. Several passengers were in the stage, but none of them were injured. It is not known how many of the robbers got. A party of citizens were immediately organized, and are in pursuit.

The body of an unknown man was found Saturday, near Langdon, Washington County, Oregon. The body was found a few yards distant the body of his horse was lying dead. Both bodies were frightfully torn and mangled. There is no clue to the identity of the killer.

The only solution of the mystery is the suggestion that both bodies were killed by cougars.

Traces of these feline animals were found in the immediate vicinity. The whole country is infested with them.

ASSAULT ON CLEVELAND

A Crank's Desperation Caused by a Wife's Illness.

The Millionaire Banker and Congressman, John Arnst, of Elmira, Fatally Injured by a Gas Explosion—The Bank Wrecked.

ALBANY, N. Y., Oct. 21.—On his way to the Executive Chamber this morning Governor Cleveland was assaulted by Samuel J. Boom, of Elmira, New York, who, with his wife, created an excitement some days since in the Executive Chamber. Boom lay in wait for Governor Cleveland at the corner of Lancaster and Eagle streets. As he approached he addressed him, and followed it at once with two blows, which were warded off by the Governor. Boom then rushed into the street and reached for a paving stone. As he was picking it up a passer-by, the Governor quietly seized him. A large crowd was collected and in the confusion Boom escaped and entered a boarding house near the scene of the assault, where he was followed and arrested. He was taken before the Justice of the Peace, who remanded him to the County Prison on Wednesday at 3 p.m. The Governor was visited by scores of people during the morning. He makes light of the affair of Boom, who is a small, delicate man, and says he is not surprised that his wife admits the assault was unintentional, but insists that his wife is dying in Albany, but her illness is greatly aggravated by her fretting about a pardon which she sought from the Governor. The Governor says he has had no sleep for a week in consequence of her illness. The attending physician this morning assured him that his wife would not recover. The poor fellow may be, temporarily at least, classified as a lunatic.

AUBURN, N. Y., Oct. 20.—T. Boom, the man who assaulted Governor Cleveland, was in Auburn September 30. He made no secret of his mission, which was to see his wife, Mrs. Boom, who had been confined to her bed ever since he had been promoted to the office that either Cleveland or Standiford, the District Attorney of Chemung County, led to him, and it was Cleveland he would shoot him.

Congressman Arnst Fatally Injured.

ELMIRA, N. Y., Oct. 21.—This city was thrown into a state of great excitement this morning by the report that John Arnst, a millionaire banker and present member of Congress, had been suddenly killed by a gas explosion at his home. A great crowd of excited citizens hurried to the scene, and soon the building was surrounded. About nine this morning those living in the vicinity of the bank were startled by a loud explosion. Not a single window in the building was shattered by the concussion, while in some instances the window shades were blown out. A subsequent examination showed that the doors of the vaults were twisted and broken, and the iron top off, and the damage was done in the interior of the bank, so fearful was the force of the explosion. At the time of the explosion there were in the bank Congressman Arnst and several clerks. Arnst had gone into the vault to open the inside safe, which he had been mending the day before. It seems the gas had not been turned off Saturday. It had been pouring into the vault from the time the bank closed that day until this morning. Arnst had been in the vault for about an hour, and almost instantly there was a terrific explosion. Arnst was hurled from the vault ten feet, and struck against the cashier's desk on the opposite side of the room. When picked up he was unconscious, and was carried to the door, from his body, his hair burned black, and the whiskers and hair were completely burned off, but strange to say, he still retained consciousness. The first one to approach him was Dr. C. C. Steward, whom Arnst had seen on the train, and who had come to him to get a doctor. A doctor was sent for, however, and Arnst was carried into his private office. The doctor soon arrived and made a superficial examination. He found no serious injuries, but expressed fear of Arnst's recovery.

Blaine in Indiana.

ELKHART, Ind., Oct. 21.—Mr. Blaine left South Bend this morning at 10 o'clock upon a special train in charge of General Willard.

John C. New had a number of Indiana speakers also on the train. The plan of the day was to drop one speaker at each place where the train was stopped, so as to have an orator address the crowd after Mr. Blaine had finished his speech. The first stop, there was a crowd of 1,000 people.

Mr. Blaine left the train and ascended a stand there. He addressed his remarks entirely to the tariff bill. He said that when the bill was first presented to the House of Representatives Indiana was very unimportant in the list of the States, but last year its industrial products reached the enormous sum of \$150,000,000. He wanted to ask any fair or candid man, be he Democrat or Republican, whether the bill would not be a great benefit to Indiana without a protective tariff. The two parties divided on this issue. "Be careful in your judgement, as free men, upon the 4th of next November," said Mr. Blaine, as he bid Elkhart good-bye.

COLUMBUS, Oct. 21.—The balance of miners of the Ohio Central and Buckeye Creek regions have struck for an advance of rate of mine. The miners of the Ohio Central include the miners of W. P. Reed, Sunday Creek Coal Company, and Columbus & Eastern Railway Company. The operators have agreed to abide by the decision and the miners will not return to work to-morrow. This action will cut off heavy contributions from the Ohio Central which have been made to the striking miners of the Hocking valley.

Stalemate from Remorse.

EAST SAGINAW, Mich., Oct. 21.—Saturday the fifteen-year-old son of Henry Bernhard, a tailor of Saginaw City, was arrested for the theft of a gold watch and chain from Joseph Bernhard's shop. The victim, who was amicably settled and Bernhard was released. Yesterday morning at 8 o'clock, he committed suicide by jumping into the Saginaw River.

Quick Ocean Voyage.

NEW YORK, Oct. 21.—The Gulon steamer Adria arrived Saturday from Liverpool via Queenstown having made a nonstop run notwithstanding several days of heavy weather. The trip was completed in six days twenty-two hours and thirty-two minutes, which is within fifty-five minutes of her best westward voyage.

Cuticura

A POSITIVE CURE

FOR EVERY FORM OF SKIN AND BLOOD DISEASE, FROM PIMPLES TO SCROFULA.

I have had the Pox for nine months. About five months ago I applied to a doctor for a cure, but he told me I must leave the country. I had to leave, but continued taking his medicine for nearly three months, but the disease did not go. I read a short article in the Philadelphia Record, and his case perfectly described mine. I tried Cuticura and Cuticura Soap in proportion, and call myself a new man. L. F. RAYARD, Waterford, N. J.
